

PCT-PPH REQUEST

Request for Accelerated Examination at the PRV using the PCT international work products under the Patent Prosecution Highway Pilot Program between the PRV and the USPTO (PCT-PPH pilot program).

If this request concerns a national continuation of an international application where all formal requirements are fulfilled, this request is regarded as an indication from the applicant to permit PRV to immediately launch the search and examination work in the application concerned (cf. Swedish Patent Act, 33, 34§§ and Swedish Patent Decrees, 58§). No further indication from the applicant is necessary.

SE application number:

Corresponding PCT application number:
