

BASE

- Search engine targeting scientific open access journals of all disciplines.
- From Universitätsbibliothek Bielefeld

COMPENDEX Computerized engineering index

- Covers most engineering disciplines.
- Article abstracts for approximately 4500 journals.
- Contains references from books, conference papers, reports and other literature.
- Coverage from 1970-.
- Updated weekly.

DOAJ Directory of open access journals

- Almost 10.000 open access journals gathered by Lunds University. 50% searchable on article level.

German Automotive Collection

- Contains journals such as ATZ – Automobiltechnische Zeitschrift and MTZ – Motortechnische Zeitschrift.
- Springer Verlag
- From 1998-.

IEEE Xplore

- Database containing more than 1 million articles, conference papers and standards published by IEEE/IEE.
- Bell Labs Conference Proceedings and VDE VERLAG Conference Proceedings.

J-STAGE Japan Science and Technology Information Aggregator, Electronic

- Access to around 2000 japanese journals from various universities.

NPL Non-Patent Literature

- Contains EPO cited or classified bibliographic NPL data.
- Includes article abstracts, journal articles, book articles, conference proceedings, database citations, and Internet.
- From 1989-.
- Updated daily.

SAE Technical Papers

- Contains more than 100.000 peer-reviewed technical papers from the automotive, aerospace and commercial vehicle industries.

SciELO Scientific Electronic Library Online

- Contains scientific open access journals, primarily from Latin America.

Science Direct Freedom Collection

- Approx 2100 scientific journals from various disciplines.
- Updated continuously – even before printed versions are issued.
- From Elsevier

SciTech Connect

- Consists of 2,5 millions references including 300.000 full text journals within the fields of chemistry, physics and environmental science.
- From the U.S. department of energy.
- Coverage from 1943-

Scopus

- A scientific database containing abstracts from journals, conferences, patents and industry publications.
- Contains over 40 millions references dating from 1823 and onwards.
- From Elsevier
- Updated daily

SpringerLINK

- Contains over 2100 journals.
- Some journals are Open Access.
- Coverage from 1924-
- Published by Springer Verlag.

Springer Reference

- Major reference works and encyclopedias from Springer Verlag.
- Covers medicine, chemistry, technology and engineering.

SwePub

- Theses, conference papers and journal articles
- Published by some 40 Swedish Universities, Research Institutes and Governmental Agencies.

Wiley Journals

- Subscription includes “Kirk-Othmer Encyclopedia of Chemical Technology” and “Ullman’s Encyclopedia of Industrial Chemistry”.
- Published by John Wiley & Sons.
- Contains all Wiley journals since 1997.

XPESP Full-text ELSEVIER Publications

- XPESP/Science Direct, Elsevier Publishing Group.
- Full text articles published since 1994.
- The technical fields consists of electrical physics, mechanics and chemistry.
- Updated bi-weekly.

XPIPCOM Ip com Prior Art

- Full-text database
- Contains disclosure publications from companies such as IBM, Siemens, Microsoft, Motorola, and Sony.
- Includes disclosures from the US National Institute of Standards and Technology the US Patent and Trademark Office and the Internet Society
- The historical coverage varies according to the specific datasource.

XPOAC Open Access Central Journal Articles

- Open access to peer-reviewed biomedical and chemical journals.
- Includes peer reviewed research articles in all areas of physics and mathematics
- Coverage from 1997.

XPRD Research Disclosure

- Disclosure of inventions published in full text.
- All records are full text searchable and include the complete disclosure image.
- Covers all areas of science and technology.
- Coverage from 1960 –
- Updated monthly.

XPSRNG

- Springer Journal Articles.
